The complete renovation of Jubilee Housing's Ontario Court building is part of a larger phased rejuvenation of Jubilee's stock of affordable housing in Washington's Adams-Morgan neighborhood. In addition to restoration of the building's existing mid-century brick facades, Ontario Court features 27 newly configured 1-, 2-, and 3-BR apartments around four walk-up courtyard entrances, new landscaping and systems, and a new 24-hour state-of-the-art childcare facility – JumpStart – on the enlarged lower level.
